Want to save money on fuel bills?

Want to help Uncle Sam save natural gas for war industries?

Want to have your furnace do a better heating job?

You can do all these things in one operation by calling Daly City Sheet Metal. Since Federal regulations prevent installation of new complete home heating units for the duration, Frank Neumann, proprietor of Daly City Sheet Metal Company is specializing in a service that will increase the efficiency of your present heating system. If you have a wood and coal furnace without a cold air return, Daly City Sheet Metal can increase the heating efficiency of your furnace 30 per cent by installing a cold air return. They also repair all types of furnaces.

Mr. Neumann recommends that you don't put off your heating problems until the seasonal furnace repair peak next fall—but do it now while men and materials are available.

'Breaking' Into Movies

Two husky young men of 16 and 17 have been visiting all the studios in Hollywood by a simple trick. They buy some lumber—usually just one long board—and carry it in one of the side or rear gates. Once on a lot they're able to walk around as long as they like, but they have to leave the lumber there when they go home. The way they were discovered was by nearly being arrested for trying to carry their own board out of a studio.

New Devices

Two new devices are an electric razor that operates on a pocket-size dry battery and a machine that separates good seeds from bad ones.

'Gold Plantation'

For 50 years Miss May Mills had made her "gold plantation" in North Carolina pay.

Award for Keeping Out of Court

The creation of annual award by Eugene F. Sitterley, publisher of Importers' Guide, to the American business organization most effectively promoting the use of arbitration for out-of-court settlement of business disputes in foreign trade has been announced by C. V. Whitney, president of the American Arbitration association.

Butterflies Symbolize Immortality

Because butterflies symbolize immortality in Chinese myth, says an article in the magazine Natural History, jade carvings of butterflies were often buried with the dead in old China.

Paprika

Paprika is rich in food value, containing vitamin C.

We've A War To Win -- And We'll Win It!

(EDITORIAL)

We've a war to win, and we'll win it! What is more America must win the peace that is to follow.

This is the issue that overshadows all thought and action in this great country today, including Daly City's municipal election, April 14. America must win the war and the peace. We shall maintain our principles—democratic freedom of speech, worship, and enterprise.

It is in this spirit that The Record has participated in the current political campaign. We have invited all candidates to use the news columns of this paper to freely express themselves. We have encouraged civic interest in the election. We have stood for fair play and good sportsmanship.

These things having been accomplished it now is the traditional responsibility of your newspaper to make forthright election recommendations. To those who wish guidance in the April 14 municipal election, The Record recommends Paul G. Selmi and Julius Twesten, incumbents; and Remi Sanders, for the offices of city councilmen.

It goes without saying that Selmi and Twesten have and are doing a good job of purely local affairs. Their part in acquiring the new city hall, modernizing the fire department, enlarging the library, improving recreational facilities, keeping the tax rate down and executing hundreds of other responsibilities that go to make up good government bear witness that these men are "on the job."

Remi Sanders is chairman of the Jefferson Union High School board of trustees. Jefferson has one of the finest physical plants of any high school in the state. Its educational curriculum is excellent. Sanders' experience on the high school board fits him well for city councilman.

True, there has been some criticism of local affairs—some of it well founded, some not. But the accomplishments of these men far outweigh their errors. Their policies are clear-cut, strong and right.

Of far greater importance than any local issues is the war. With complete absence of hysteria Selmi, Twesten and Sanders have systematically, quietly and with determined effort put their offices in order to meet the impact of this emergency. With this kind of leadership we'll win the war on the home front and abroad!

Vote for Selmi, Twesten and Sanders. Even more important than this, we highly recommend, whether you agree with us or not, exercise your American heritage—go to the polls and vote next Tuesday.

Paul G. Selmi

Julius Twesten

Remi Sanders

WHAT THE CANDIDATES ARE SAYING

The Daily City Record, this week presents the fourth of a series of articles written by the candidates themselves. The Record, believing in an open-door policy, has invited all candidates to participate in this program without charge.

C. J. Pettigrew

Dear Fellow Citizen:

It is impossible for me to call personally on all voters, so it compels me to use this method of acquainting my fellow citizens with my qualifications for the office of Councilman.

A brief history of my life may favor me with ONE of your votes for Councilman on next Tuesday, April 14th. I was born in Chicago in 1894, and at the age of seven started to sell newspapers; while never neglecting my education, this business sold for $11,000 in 1907 when we moved to Daly City.

Pettigrew

In 1907, at the age of thirteen, I assumed my stepbrother's contract for the purchase of land, and one year later assumed my parent's obligation as well. My present property was built on these sites.

Due to financial conditions, I was forced to leave Sacred Heart College after three years and secure employment with the Nolan Drayage and Warehouse Company; and later as shipping clerk with P. Greenberg Woolen Company. In 1911, while in the employ of the latter firm I received an inheritance from the estate of my grandmother.

On receiving this inheritance, my education was resumed with the law firm of Rotchild, Rosenheim, Schooler, Miller and HIR-

(Continued on Page 5)

H. H. Smith Jr.

Dear Friends:

As the campaign for election of city councilmen draws to a close, I want to express my deep appreciation for the kindly way in which you have received my candidacy for this office. Your generous response and support have been encouraging and inspirational, especially in view of the fact that this is the first time I have ever been a candidate for public office.

Hugh Smith

It is not my intention, nor will I make you a lot of glowing promises expressed in high sounding terms, about what miracles I will wrought if elected to city council. I was born and reared in Daly City, and my ability and sincerity is perhaps as well known to most of you as it is to me. I am deeply interested in my native city, and because of my many associations here I am naturally concerned as to the city's future, because that future and my own are definitely intermingled.

As your city councilman I will give you the very best I can. Your interests are my interests, and I see no reason why these interests cannot be protected in public life with the same efficiency and consideration we would extend them in private life. It has allways been a source of mystery to me why public business need be conducted without the efficiency and enterprise we put into private business. I would be even more concerned over the conduct of other people's affairs, than I might be about my own, because of the public trust reposed in me as your representative.

You may be assured that I am free to assume this office without any entanglements whatsoever. I will make my own decisions by and with whatever help and co-operation you care to extend me, but, believe me, I shall always attempt to ascertain your views before arriving at any decision which has to do with your welfare.

In this campaign I have as running mates two men, whom I believe are as deeply concerned about the progress and welfare of our city as I am. You know them well, and I believe you will agree with me that A. J. Gaggero and Eugene V. Lynch will make trustworthy, able and loyal representatives on your city board. It is our plan to work in unity and harmony with other members

(Continued on Page 5)

Julius Twesten

To the Voters of Daly City:

It has been said that cities don't just grow, but men build them. It has taken a great deal of thought and sincere interest on the part of officials, civic leaders, and citizens to bring Daly City to its present state of advancement, whereby we now enjoy among other facilities, wide police protection, complete and modern fire protection, low water rates, a fine up-to-date library, free garbage collection, good streets, a modern and humane pound, and defense and disaster preparedness comparing favorably with that of our neighboring communities.

Julius Twesten

For the past twelve years, I have served to the very best of my ability on the Board of Councilmen, to which goes, I believe, much of the credit for Daly City's progress. My experience as a citizen and a business man in Daly City for twenty-one years have enabled me to apply reliable, practical judgment to many of the problems which have come up during my terms, and I have striven to lend honest cooperation to all worthy enterprises.

If re-elected as a member of the Board of Councilmen, I can assure you that I will take my responsibilities just as seriously as I have during the past, ever mindful that you as citizens and tax-payers will look for ever more efficient, experienced, and progressive government in these days of stress and in the uncertain days to come.

Sincerely,
(Signed) Julius Twesten

A. J. Gaggero

To the voters of Daly City:

Uppermost in your mind when you go to the poles next Tuesday should be the thought that your city business should be conducted with the same care and consideration as your own private business.

It is on this basis that I am asking your support in my election to the office of city councilman. If I am elected I shall use my experience and sincere effort to conduct our city business in a straightforward and efficient manner.

A. J. Gaggero

To those who are not acquainted with me, I should like to outline my following qualifications:

I was born on a farm in Colma and was reared in this district, attended local schools and later had two years of business training in a San Francisco Business School, am married, have two children, and my home is at 6 Cavour street.

I am a charter member of Company No. 6 of the Daly City Fire department, having served in the capacity of captain and fire commissioner, am a member and past president of the Veteran Fireman's association of Daly City, member of the Lion's Club, Colma Vista Grande Aerie Order of Eagles and other organizations.

I have always had a keen interest in the betterment and future development of our city, having been identified with every constructive movement for its welfare and have some very definite ideas to bring more cooperation and harmony in the various city departments so that the public's interest will be better served.

I respectfully ask that my qualifications and experience to carry on the business of your City be given your earnest consideration before you vote on April 14.

Respectfully,
(Signed) A. J. Gaggero

J. F. Millett Jr.

To Daly City Voters:

When a candidate seeks your support at the polls he must have a good reason for his request. I feel that I have just such a good reason because I can serve you without obligation to any groups, with fairness and consideration for all. I have been an independent candidate, and if elected I shall be an independent councilman.

J. F. Millett, Jr.

I can promise you a business-like administration. I feel confident that I can fulfill the duties necessary for efficient city management. With the cooperation of the people of Daly City I feel that, if elected, we could do much to help Daly City grow.

My platform is this:

1. Positively independent candidate.
2. No obligations to any individuals or groups.
3. Fairness and consideration for all.
4. Efficient and economical municipal government.
5. Expansion and further development of Daly City.

(Signed) J. F. Millett, Jr.

Remi Sanders

To my fellow citizens:

In bringing my campaign to a close, I would like to call your attention again to the important position I am now holding on the High School Board of Education.

Remi Sanders

I deem it a great honor to have been chosen as chairman of the board and to have served in that capacity for the past three years. The following figures will show you the great responsibilities entailed in handling the affairs of this office. Execution of these responsibilities have given me experience which I feel will be extremely valuable in handling affairs of the city, if I am elected.

1. The current year's school budget of $190,000.00 is larger than the annual city budget.
2. The high school has 48 employees; a number greater than the total of all city employees.
3. Jefferson Union high school building maintenance area and cost is greater than all city building maintenance.
4. Like the city, the school has its own wells and pumping plant.
5. Every day school transportation facilities carry more than one hundred students to and from their homes.
6. Jefferson Union high school district has jurisdiction over a geographical area that is approximately ten times the geographical area of the city.

(Signed) Remi Sanders

Paul G. Selmi

To Daly City Voters:

In making an intelligent decision at the polls next Tuesday, Daly City voters will mark their ballots only after carefully studying the qualifications of all candidates. Qualifications of the candidates vary in generalities and are wide apart in specific instances.

Paul G. Selmi

In soliciting your vote, I should like to state some of my qualifications which are broad generally and very definite in many specific instances. As councilman and mayor over a period of nine years, I participated in the following city improvements:

1. Construction of a new city hall.
2. Enlargement and modernization of the library.
3. Purchase and development of a playground site in the Crocker tract district.
4. Development of the park in Vista Grande district.
5. Extension of the water and fire alarm systems in the southern section of Daly City.
6. Inauguration of an annual

C. J. Pettigrew

(Continued from Page 2)

AM W. JOHNSON and later with the law firm of Morrison, PETER F. DUNNE and Brobeck, with whom were associated HON. GEORGE M. HATFIELD and HON. FRANK P. LORIGAN.

Completing this four and a half year study, the Daly City Garage was ESTABLISHED in 1916 in partnership with Mr. THOMAS PRESCOTT. When WAR WAS DECLARED in 1917 this partnership was dissolved, when TOM PRESCOTT enlisted with the Canadian forces, while I volunteered and served with the United States Army. With the termination of the war I resumed business as the Daly City Garage.

Always an advocate of Civic Betterment I SUPPORTED the incorporation of Daly City; the Municipal Water System; the Fire Alarm System; the New City Hall Project; the New Fire House Project; the Municipal Parks Project; the new Fire Equipment Bond Issue; and CIRCULATED petitions to ABOLISH "BINGO."

A Charter Member and Secretary-Treasurer of the FIVE TOWNSHIP CLUBS of San Mateo County; member of Veteran Firemen's Association; former Chairman of Fire Commissioners; and a member of Mechanics Union 1414, San Mateo County.

Thanking you for your cooperation and support in my election, I pledge my services for the welfare of Daly City and its people.

Sincerely Yours,
(Signed) C. J. Pettigrew

H. H. Smith Jr.

Far Western Business Rises To New Heights

Far Western business, as measured by the Bank of America business index, rose in February to 166 of its 1935-39 average, one point higher than January. It now stands 32 per cent higher than a year ago and 28 per cent above the 1929 peak.

"It is trite, perhaps, to repeat that the rise is in largest part based on the war effort," says the bank's February Business Review just released. "Nearly every western enterprise capable of producing munitions of war is now geared to that program."

Workers thrown out of employment because of priorities or other curtailment have been few on the West Coast as compared with other sections, the review notes. In California only about 2 per cent of all wage earners have been affected.

Paul G. Selmi

(Contined from Page 2)

clean-up week.

7. Modernization of the pumping plant of the Water department.

8. Encouraging and promoting community social and patriotic programs through the Daly City Recreation department.

If I am elected I shall continue to serve you faithfully and well.

(Signed) Paul G. Selmi

Endorsed by Five Township Clubs of San Mateo County; organized 1934.

ELECT C. J. PETTIGREW COUNCILMAN

I PLEDGE

(1) My services for the Welfare of Daly City and its People.
(2) The RETAINMENT of ALL SIX FIRE COMPANIES in our City, which have served the City faithfully for many years; and that no curtailment shall be made which would retard the advancement of this MOST IMPORTANT PUBLIC SERVICE for the SAFETY of the People in these times of extreme emergency.
(3) That HARMONY shall be restored within OUR POLICE DEPARTMENT, and that HONESTY, LOYALTY, COURTESY and INTELLIGENCE must be the principles to be considered to increase the MORALE of this MOST IMPORTANT PUBLIC SERVICE for the adequate protection of LIFE, FREEDOM and HOME of all the People.
(4) That a SURVEY shall be made of our RECREATIONAL FACILITIES and EQUIPMENT toward the ESTABLISHMENT of a more complete PROGRAM of ACTIVITIES for all the People, both young and old.
(5) That an IMMEDIATE SURVEY shall be made of all the many needed PUBLIC IMPROVEMENTS, especially in the outlying districts, and the ESTABLISHMENT of a PLAN for the completion of these over a period of time.

Fahey, Cavagnaro Endorse Three Men

On being interviewed by a representative of The Record, Mayor John J. Fahey and Councilman Edmund Cavagnaro expressed a definite concern in the current political campaign. In the interest of continued good government for Daly City, and this city's doing its part in the war effort, Mayor Fahey and Councilman Cavagnaro expressed their sincere hope that the people of Daly City return Councilmen Paul G. Selmi and Julius Twesten to office next Tuesday, and elect Remi Sanders to fill the vacancy left by Councilman Henry Sundermann sr., who has declined to run.

Following is the complete text of a letter received from Mayor Fahey and Councilman Cavagnaro expressing their stand:

TO THE PEOPLE OF DALY CITY—the undersigned city councilmen, who are not candidates at the coming election, have had the pleasure of serving you for a great many years. During that time, in spite of the problems created by unemployment and the depression, our city has constantly forged ahead. There have been no substantial city tax increases to burden the homes and businesses of our people. Nevertheless we have succeeded in greatly increasing our population, in completing Marchbank Park, (second to no municipal park of its size in the country), in erecting a new City Hall and a modern library plant and building, in improving our recreation system, modernizing our already excellent fire department, extending our improved street and water system, including the present project of a modern highway outlet for the city onto Junipero Serra Boulevard at Hillcrest drive.

Last, but by no means least, we have placed our city in the forefront in development of civilian defense organization and equipment, considering this of primary importance as a definite contribution, not only to our own safety, but to the defense of the country and the successful conduct of the war.

Mayor John Fahey

All of this has been accomplished by the adoption of careful, conservative and businesslike policies. This has not been the result naturally of our personal effort alone. It could never have been done without the harmonious cooperation of every member of the board.

We feel it incumbent upon us, in this hour of national peril, to urge every citizen to consider carefully his choice of candidates for the city council at the coming election on April 14. We feel that the subject of national defense is a matter of interest to all of us and not the limited objective of any particular group. We feel that in a considerable sense, every city activity and interest must be subordinated to it and that any opposition to such a plan, whether from without or within the city government must be recognized as a disservice to the public and national interest and as such definitely dealt with.

Councilman Cavagnaro

We have naturally no personal quarrel with any of the candidates for city councilman at the coming election. We are well acquainted with all of them. Without exception they are estimable men. But we do believe and feel that your interests, and those of the nation as a whole, can be best served by the careful selection of those who are fitted to serve.

From the standpoint of tried and true public service we cannot help but recommend to you Councilman Julius Twesten and Councilman Paul Selmi who are present incumbents, as eminently qualified to continue in these responsible positions. As Councilman Henry Sundermann, who has rendered whole hearted and zealous service on the board for many years past has not presented himself for re-election, we can only say on his behalf that he has served faithfully and well, with every thought at all times for the welfare of the people and with a genius for harmony and cooperation that would have been of inestimable value in the solution of difficult problems, born of these critical times, that are bound to come.

As a third suggestion for your consideration we unqualifiedly recommend Remi Sanders, president of the Jefferson High School District board of education. He has had in our opinion the necessary experience in public finances and governmental management which qualifies him preeminently above all other candidates for efficient service. His long record is well known to the whole community.

We recommend these gentlemen, namely, Messrs. Sanders, Selmi and Twesten not upon any basis personal to us, but because we feel the need of their services in the city government. You will recognize their names as outstanding in the service of the community for years past, both in and out of public office. They enjoy a reputation for service among you far greater than any that could spring from temporary election-time prominence. From our official experience we have found them outstandingly able and dependable at all times. It is precisely upon these qualities, namely, of ability and proven dependability that we feel the security of our city and our country must rely in these critical times.

May we assure you that we have approached the subject of this communication to you in the spirit of performing a public trust? We have done so because we feel that the immediate future is fraught with grave possibilities, all too well known to you and that serious consequences can flow from ill judged or hasty consideration of public matters, engendered by short-sighted or possibly even selfish groups, who even in these turbulent days often appear unable to put the general welfare ahead of personal interest and petty gain. As we see it, American democracy is at stake, not only upon the far flung battlefields and oceans of the world, but upon the home front also. We therefore urge you earnestly to vote at this coming election without fail, and to vote as sincerely and intelligently as your possibly can. Any other course is destructive of capable self-government. It is up to us to use, not thoughtlessly abuse, the privilege of the ballot.

(Signed)
Councilman John J. Fahey
Councilman Edmund Cavagnaro

Sundermann's Letter To Daly City Voters

To the People of Daly City:

As stated to you in my recent letter, I am not a candidate for re-election for city councilman. Recent illness and other considerations have made my retirement necessary. At the same time as previously indicated I cannot help by reason of many years in your service but to maintain a lively interest in community affairs and the best interests of the city.

I think we all realize at this time that the most essential thing in our lives is to do everything possible to aid in the successful prosecution of the war. Gradually our eyes are being opened to the fact that not only many material things but even our ideals can be ruthlessly taken away from us. We are beginning to realize now that the things that happen elsewhere can happen here and that if we are not successful in this war, the American way of life, American freedom, American institutions and everything we hold dear may be swept away from us forever.

Sundermann

We have found it necessary, upon very short notice, to curtail our living standards, to restrict our use of automobiles, to limit certain foodstuffs, to forego the use of metals, to restrict buildings and improvements, to freeze commodities and to do many other things that just six months ago would never have seemed possible or necessary.

Hundreds of our Daly City citizens are voluntarily devoting hours and hours of their spare time to fit themselves for the task of civilian defense, where but a short time ago we devoted so much of this so-called spare time to social recreation and pleasure.

As I am not a candidate, I can speak freely concerning the coming municipal election on April 14th. It is my thought that we should and I believe that most of us in Daly City do consider the coming election primarily in the light of its importance as a factor in the National Defense and the war effort. I do not think we should judge the importance of local elections by the out of date local election standards of the past. I believe we should, for instance, curtail municipal expenditures as much as possible so that every citizen, having the advantage of a low city tax can so much the more and the better support the National Government in the payment of his national income taxes and in meeting the undoubtedly heavier national taxes that are sure to come. I believe we must continue to make Civilian Defense our most important effort, so that we will continue to be, as I think we are now, fully prepared. I think also that we must emphasize the modernization of our city departments, as we are doing with the fire department, so as to economize both in money and personnel in the interest of a greater war effort.

To accomplish all this I think we should select the candidates who are in sympathy with these policies and have demonstrated themselves to be so in the past. I believe that the selection of the incumbent councilmen Paul Selmi and Julius Twesten would best guarantee such results. Among the other fine candidates Mr. Remi Sanders, President of the High School Board of Education, seems also best fitted for the same purposes. The high school district under his direction has established a fine record for cooperation with civilian defense and the civilian war effort. This is no disparagement of any others who are running. I merely mean to point out that these three men have demonstrated that they are keenly aware of the importance of our local affairs to the national effort, whereas few, if any of the other candidates seem to have realized this obvious necessity. "Politics as usual" just simply cannot be the answer to the present crisis.

I thank you again for your many years of support. In closing my long period of service I sincerely hope that this may be a final gesture on my part of my continued willingness to be at your service. It is my firm hope and conviction that the people of Daly City, as well as the people of America will meet the great issue of this war by unselfish and intelligent thought and action, particularly in the exercise of their sacred franchise at the polls.

Yours For Victory,
(Signed) Henry Sundermann

"Sense + Cents = Total Defense"

TO keep coffee fresh and flavorful, store it in the refrigerator—and buy no more than a week's supply. You'll use less coffee per cup if you follow these simple rules.

Invest the pennies saved in DEFENSE SAVINGS STAMPS. Uncle Sam can use every cent you can spare from your household budget. Encourage your husband to cooperate with any plan for pay roll savings that his company may institute for DEFENSE BOND purchases—for War Needs Money!

THE WAY TO BEAUTIFUL HAIR
STEP 2

AFTER the hair has been thoroughly brushed, it should be wet and a shampoo prepared that will make it gloriously clean and lustrous. Use Special Drene, the liquid soapless shampoo which has conditioner added to leave the hair manageable. Since such a shampoo comes in concentrated form, it can be diluted in the proportion of one tablespoon to a quarter cup of water.

Two sudsings are necessary, the first a light one made with half of the solution, then rinsed out with warm water. Next apply the rest of the solution to get a thick rich lather which you work vigorously into the hair, massaging the scalp thoroughly. Although this shampoo gives such marvelous suds it is soapless; it does not leave any thin film of soap to dim the hair's natural highlights, and as a result your hair will gleam with life and lustre after it has been set.

Ultra-Violet Light Rays

Ultra-violet light rays have four times as much energy as violet rays, and eight times that of red light rays, according to the Better Vision Institute.

First Mace

The mace was provided for by a resolution adopted by the house during the first congress on April 14, 1789. The first mace used by the house was destroyed by fire when the British burned the Capitol in 1814. From that time until 1842 a mace of painted wood served. In that year the present mace was made in reproduction of the original. It is over three feet in height and consists of a bundle of cherry rods, representing the states, bound with a band of silver in imitation of the fasces. From the center protrudes the stem of a silver globe surmounted by a silver eagle with outspread wings.

Military Parks

Two national military parks, Moore's Creek battlefield and Guilford Courthouse battlefield are located in North Carolina.

Try This Tapioca

By Frances Lee Barton

COCONUT Cream Tapioca . . . Doesn't the mere reading of the name make you run your tongue over your lips with eager anticipation?

Follow the easy directions given below and your sense of taste will be richly rewarded:

Coconut Cream Tapioca

2 egg yolks; 2 cups milk; 3 tablespoons quick-cooking tapioca; 4 tablespoons sugar; ¼ teaspoon salt; ½ cup shredded coconut; ½ teaspoon vanilla; 2 egg whites; 4 tablespoons sugar.

Mix egg yolks with small amount of milk in top of double boiler. Add remaining milk, tapioca, 4 tablespoons sugar, and salt. Place over rapidly boiling water and cook 8 to 10 minutes after water boils again, stirring frequently. Add 4 tablespoons coconut and vanilla and turn into greased baking dish. Beat egg whites until foamy throughout; add sugar, 2 tablespoons at a time, beating after each addition until sugar is blended. Then continue beating until mixture will stand in peaks. Pile lightly on tapioca and sprinkle with remaining coconut. Bake in moderate oven (350° F.) 15 minutes, or until golden brown. Serves 4.

RE-ELECT

A PROVEN PROGRESSIVE

PAUL G.

SELMI

(Incumbent)

CITY COUNCILMAN

OF DALY CITY

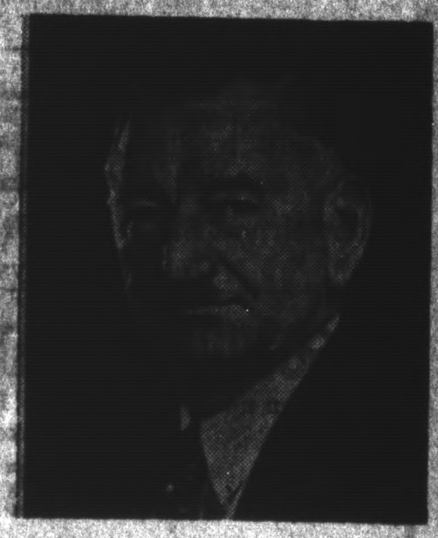
Others Gave You Promises - I Gave You Action

Below are listed some of Daly City's recent improvements in which I have participated:

1. Construction of a new city hall.
2. Enlargement and modernization of the library.
3. Purchase and development of a playground site in the Crocker tract district.
4. Development of the park in Vista Grande district.
5. Extension of the water and fire alarm systems in the southern section of Daly City.
6. Inauguration of an annual clean-up week.
7. Modernization of the pumping plant of the Water department.
8. Encouraging and promoting community social and patriotic programs through the Daly City Recreation department.

(Paid Political Advertising)

Shopping around? Looking for the very best attainable for the money, time, and energy expended?



While city politics cannot logically be compared with shopping for food and commodities, nevertheless, in choosing men to represent you in the City Government, it is just as important as in shopping for the family to study all that is offered and then use all the judgment gained through experience in choosing that which is wanted: in this case, an honest, reliable man to serve you.

In order that you may judge, I give below my record of service:

For the past twelve years, I have served to the very best of my ability on the Board of Councilmen, to which goes, I believe, much of the credit for Daly City's progress. My experience as a citizen and business man in Daly City for twenty-one years has enabled me to apply reliable, practical judgment to many of the problems which have come up during my terms, and I have striven to lend honest cooperation to all worthy enterprises.

If re-elected as a member of the Board of Councilmen, I can assure you that I will be ever mindful that you as citizens and taxpayers will look for ever more efficient, experienced, and progressive government in these days of stress and in the uncertain days to come.

If I am re-elected, I pledge myself to take my responsibilities as seriously as I have in the past and to do all I can to continue the progress that has been made in Daly City during the years I have lived and served here.

Sincerely yours,

JULIUS TWESTEN

INCUMBENT

CITY COUNCILMAN

Election Date April 14

Membership of long standing in:

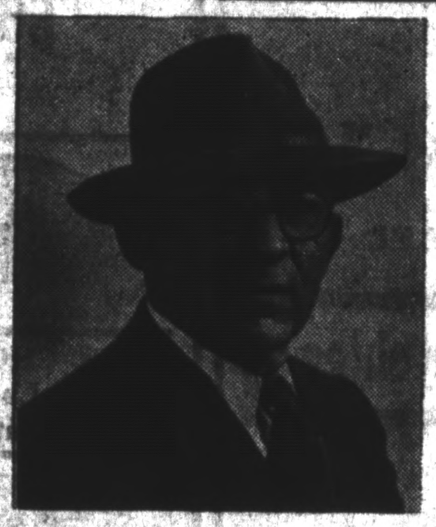
Daly City Post No. 410, American Legion.

Daly City Volunteer Fire Dept., Company No. 2.

Chairman High School Board of Education.

Veteran Firemen's Association of Daly City.

And Other Organizations.



ELECT...

REMI SANDERS

for

City Councilman

OF DALY CITY

Election: April 14, 1942

Remi Sanders is serving his third term as a member of the Jefferson Union high school board of trustees. For the past three years he has been chairman of that board. Below are listed a few of the responsibilities in which he has participated in an executive capacity. These responsibilities and related experience fit Mr. Sanders particularly well to serve as a city councilman.

1. The current year's school budget of $190,000.00 is larger than the annual city budget.
2. The high school has 45 employees; a number greater than the total of all city employees.
3. Jefferson Union high school building maintenance area and cost is greater than all city building maintenance.
4. Like the city, the school has its own wells and pumping plant.
5. Every day school transportation facilities carry more than one hundred students to and from their homes.
6. Jefferson Union high school district has jurisdiction over a geographical area that is approximately ten times the geographical area of the city.

Unique Masonry

Unique masonry built by the Tuscarora Indians before white settlements in the United States still remains in fine preservation at Maggine Springs, N. C.

Two Common Spices

The nutmeg tree is the only plant whose seed produces two common spices, nutmeg and mace, the latter being the dried arillods or fibrous covering of the nutmeg kernel.

In the Army

In the army, the cavalry is called a troop. In the air corps the similar organization is a squadron; in the artillery the term is battery. Hospital men are in a corps.

EVER TRY THIS ONE?

You can prove that "smoke travels downward instead of upward" by rolling a cellophane cigar wrapper into a tube and lighting it. The smoke will go down the tube.

You can prove to your complete satisfaction that the best automobile repair work is the most economical. Just bring your car in and let our skilled workmen make the necessary repairs efficiently, quickly, without waste of time!
